

KŪ I KA PONO MARCH

PROTECT HAWAIIAN LANDS

Simple Justice

STOP the Lingle Administration's attempt to sell Hawaiian lands by supporting proposed laws that protect Hawaiian claims. The Hawai'i Supreme Court affirmed the protection of Native Hawaiian interests last year in their ruling. The Hawai'i Legislature has recognized these claims as well, in the past.

Now, it is imperative that WE immediately send a clear message to the U.S. Supreme Court. This is an issue that we should resolve in Hawai'i. Support a proposed bill that upholds the Hawai'i Supreme Court's ruling and protects Native Hawaiian claims.

On this day, the 116th anniversary of the illegal overthrow of the Hawaiian Kingdom, it is imperative that the people of Hawai'i assemble to show the importance of protecting these lands.

Support Justice for the People of Hawai'i!
